

MENTERI PENDIDIKAN
(*Minister of Education*)

Dear esteemed delegates,

Selamat datang ke Malaysia (Welcome to Malaysia)!

In collaboration with Humanitarian Affairs Asia, Malaysia via the Ministry of Education, the Ministry of Tourism, Arts and Culture and the Ministry of Rural Development have agreed to give our full support towards the **10th University Scholar Leadership Symposium (USLS) 2019 in Kuala Lumpur, Malaysia.**

It has been Malaysia's continuous effort in producing excellent talents embedded with intellectual, spiritual, emotional and physical elements based on faith in and adherence to God.

As a reflection of the aspirations of Malaysia and the Ministry of Education, we believe that it is paramount to produce people-centric talents who are able to give back to the communities.

This USLS high impact programme aims to provide an avenue for student leaders from various countries to further enhance their leadership skills and awareness of current issues, primarily social development and humanitarian efforts. The event may also inculcate novel values on humanising education through Love, Happiness and Mutual Respect.

It is my hope that all delegates will soon be enriched with knowledge and increased networking, while enjoying a wonderful experience taking in the beauty of Malaysia. It is also my sincere wish that all delegates will become excellent leaders in the near future.

Terima kasih (Thank you).

(DR. MASZLEE BIN MALIK)
